

Equipment Tracking Device Comparison

	AT3	GT1s	GT2c	GT2h
				
Estimated life	4-7 years (with replaceable batteries)	8 – 10 years	10+ years	10+ years
Reporting network	Cellular (LTE-M)	Satellite (Globalstar)	Cellular (LTE-M)	Cellular (LTE-M) and Satellite (Iridium)
Reporting range	Within Cellular Coverage	Global	Within Cellular Coverage	Global
Available protection	None	Stainless Steel Bezel	Stainless Steel Bezel	Stainless Steel Bezel
Dimensions	(106 x 56.6 x 33.7) mm	(71 x 71 x 32) mm	(164.2 x 71.2 x 32.9) mm	(164.2 x 71.2 x 32.9) mm
IP Rating	IP68	IP69	IP69	IP69
Indoor Proximity Location	Yes	No	Yes	Yes
Key Connected Software Features	Tamper alert and theft recovery mode	Multiple map layers, Geofencing, Utilization analytics, Asset movement reporting	Multiple map layers, Geofencing, Utilization analytics, Asset movement reporting	Multiple map layers, Geofencing, Utilization analytics, Asset movement reporting
Motion Based Reporting	No	No	Every five minutes when movement detected	Every five minutes in Cellular and 30 minutes in Satellite when movement detected
